

PIXLEY IN THE RACE

Will Try to Lower Her Record at Terre Haute.

RACES WILL OPEN TOMORROW

All the Noted Flyers Will Be Sent Against Their Record During the Week.

TERRE HAUTE, Ind., Oct. 23.—The Duke, Starr and other great stables arrived from Nashville Sunday and will take part in the meeting this week. Mr. Duke is in good shape, having entirely recovered from his recent severe attack of lumbago, and with the assistance of John Dickerson and Charles Duke, will send his horse a number of record-breaking miles this week.

Aston, the 4-year-old wonder, will be sent against his record of 2:07 1/4, Belle Vane against 2:09 1/4, Stamboul against 2:07 1/4, Pixley, the race mare of the year, against 2:08 1/4, the pole team, Aubine and Zedonia, against 2:17 1/4, and last of all it is possible that the little queen, Nanny Hanks, will one day during the meeting be sent against her record. After her recent mile at Terre Haute she pulled up lame, but last week when worked out she went sound and acted her old time self. She will be sent out tomorrow, and if she shows to be in form will be started one of the days of the meeting. There will be two class races each day. Admission will be 25 cents and will give all privileges.

George Hammond of Detroit, Mich., owner of Corroli and other good horses, will next likely enter his stable for this week's races. The association is in receipt of wire from him asking for particulars. The track is at an ebb and with good weather Wednesday, Thursday and Friday a few more world records will be made. To the horse men's method were now doing.

COLUMBUS DAY.

Fair Will Close in a Blaze of Pyrotechnics.

CHICAGO, Oct. 23.—After a week's debate the nation's committee today, by a vote of 12 to 10, voted to adopt the recommendation of Chairman Thacher that special awards of medals and diplomas, differing slightly from the regular kind, should be given to certain individuals, corporations, inventors, designers, etc., who had contributed to the success of the exposition. The official program of the celebration of Columbus day will include, as its principal feature, the unique spectacle of the lighting of Columbus. The caravans will be used for that purpose, the lighting, with all realistic details, will take place on the shores of Lake Michigan. The ceremony of lowering all of the official flags from the departmental and other exposition buildings will take place at sunset. This will be expiring day, and it will be a battle of pyrotechnics. Elaborate arrangements are being made by the national commission for the banquet which they will give to President Palmer as a return compliment for the generous courtesies which he has shown them on several occasions since the fair opened. The banquet is to be held next Wednesday in the Auditorium hotel.

World's Fair Attendance.

CHICAGO, Oct. 23.—Paid admissions at the world's fair today were 23,014.

TIMBER FROM PUBLIC LANDS.

Denver & Rio Grande May Cut It Under Restrictions.

WASHINGTON, Oct. 21.—The cases of the United States against the Denver & Rio Grande railway company, involving the right of that company to take timber from public lands for the purpose of constructing its railroad lines and accompanying structures, were decided in the supreme court of the United States today.

In brief, Justice Jackson's conclusions were that the railroad company has the right to take timber from the public lands adjacent to any portion of its line for use on any other part of its line, that the timber so taken may be used for construction of buildings, bridges, water tanks and other structures necessary for the operation and maintenance of the road as a whole, this being the evident intention of congress in the matter.

AS A CLEANSER of the blood, nothing is so pure as Dr. Farrow's Golden Medical Discovery. It purifies the blood as well as enriches it. The truth is, an emulsion of cod liver oil is good for building up fat—no doubt about it. But—high! a weak stomach loathes it. Fortunately, there's a time-tested remedy that's even better for making healthy flesh. Pleasant in taste—effective in result. That's the "Discovery." It goes to work in the right way, by regulating, cleansing and repairing all the organs of the body. When the germs of disease are round about us we do not all get them. Why? Some of us are in too good a condition. The germs of Consumption, Grippe, Malaria, and all the infectious diseases, pass you by if you are strong to resist their attack. Render your self germ-proof by putting your blood and liver in a healthy state. In all blood-tainted and diseased, if the "Discovery" fails to benefit or cure, your money is returned. No other medicine of its kind can be sold so.

FOR COLDS CUTS BRUISES SPRAINS SORE THROAT Catarrh AND AFTER SHAVING

USE POND'S EXTRACT

Have the early frosts or too late a lingering by the garden gate again aroused that RHEUMATISM so peacefully slumbering the summer long? Well, if it's very bad you must change your diet and perhaps take some distasteful drug—the doctor will tell you what—but first rub thoroughly the part afflicted with POND'S EXTRACT, then wrap it warmly with flannel, and the rheumatism may wholly disappear. It will certainly be much relieved. Now that you have the POND'S EXTRACT try it for any of the many things its buff wrapper mentions. It's a wonderful curative. But don't accept substitutes.

PROFESSORS PUZZLED.

They Could Not Understand or Explain It.

A Matter of Great Interest to a Great Many.

Ann We Therefore Give the Solution of the Whole Thing.

Facts are sometimes astonishing. The following is related by Samuel N. Fowler, Esq., a well-known resident of Red Bank, N. J.:

"I am a man of 61 years. Three years ago I was taken with pain in the stomach and bowels very severely, and had to discontinue doctoring, but got only temporary relief. The pain came on often and was very distressing. I tried everything and many doctors, but still got no cure. The doctors called it neuritis. The pain would come on at night and was so severe I could scarcely breathe. It would run up the chest, and throat with such excruciating pain that I drew me almost double. I would keep my bed for days, and the terrible suffering I passed through I cannot express.

So after trying several doctors, and suffering worse than death for over two years, and spending hundreds of dollars, I went as a last resort to a medical college and spent five days with old professors, but they could not decide what it was, so could or did not do anything for me.

SAMUEL N. FOWLER, ESQ.

and I was so bad, and getting so weak, I could not eat nor stand on my feet for any length of time, and could scarcely walk. So I gave myself up to die and believed that I could not live three months.

"My children and friends persuaded me to try Dr. Greene's Nervura blood and nerve remedy, and after taking one bottle I got relief. It kept on using it, and thanks to Dr. Greene's Nervura and the God above, I have not had the least symptoms of it since, which has been nearly a year. I have a good appetite and feel all right and can now attend to business again, which is gratifying to me, my friends and children, and the blessing all came from Dr. Greene's Nervura blood and nerve remedy."

The lesson to all is obvious. If you are sick, ailing or run down, nervous, weak, sleepless and prostrated, or suffer from pains or aches, use this wonderful cure of disease immediately. It is purely vegetable and harmless and costs but \$1 at the drug store.

It is the discovery and prescription of a well-known physician, Dr. Greene, of 35 W. 14th Street, New York, the most successful specialist in curing nervous and chronic diseases, and who can be consulted free, personally or by letter.

Rheumatism

Is emphatically a blood disorder caused by inability of the kidneys to throw off certain poisons which accumulate in the tissues about the joints and muscles. P. P. P., very simple, quickly and surely cures this disease, neutralizing impurities in the blood. Experience and science both endorse P. P. P. as the only infallible blood purifier known.

WONDERFUL CURES!

Thomas Minchin. Major W. A. Simpson.

Nervous Debility and Catarrh Cured.

Major Minchin says: "I was reduced to a nervous wreck—only weighed 115 pounds. The results of early abuse was the cause. I had the following symptoms: Miserable mentality and physically, melancholy, nervous, weakness, apathy before the eyes, dizzy, poor memory, palpitation of the heart, churning cold hands and feet, weak back, dreams and jitters at night, tired in the morning, pimples on the face, loss of modulation, nervousness, indigestion, weak etc. Doctors could not cure me; but Dr. Kennedy & Kergan by their New Method Treatment, cured me in a few weeks. I weigh now 170 pounds. It is three years since I have taken their treatment."

Blood Disease and Dyspepsia Cured.

Major Simpson says: "I had Dyspepsia and Catarrh of the stomach for many years. To make matters worse I contracted a Constitutional Blood Disease. My blood was poisoned. Stitches on the back looked horrible. I tried sixteen doctors in all. A friend recommended Dr. Kennedy & Kergan. I used their New Method Treatment and in a few weeks was a new man with renewed life and animation. I could not say too much for these scientific doctors who have been in Detroit for four long years. I recovered with hundreds of patients in their offices who were being cared for different doctors. I recommend them as honest and reliable Physicians."

We Have Set the Pace.

Have you found a merchant brave enough to follow our unprecedented offerings? You are invited to come and visit a store that neither reflects the present condition of the country or its empty stores. At times during the past two weeks the capacity of our sales people were unequal to the demands, and some who desired to buy could not readily be served. We've met that issue and it won't happen again. It's the policy of close margins and large sales that distinguishes our store from the idle ones. It's the never ending resources, the standard qualities that makes our house a paradise to all the people. From America's great metropolis our New York buyer surveys the world's commercial horizon, and like an eagle after its prey, swoops down upon the victims of hard times whenever it will benefit us and you. Like a storm of sparkling raindrops comes another flood of superb bargains this week. As long as these times exist we shall continue to quote these marvelous figures, though in many instances a material loss is sustained by us.

Respectfully, SPRING & COMPANY.

Original Prices.

No one will attempt to duplicate them here. Each item has been weighed according to the present necessities of the people. We cannot tell the whole story. There's a perfect epidemic of bargains all over the vast area of merchandise.

CLOAKS CUT IN TWO.

You never saw such general devastation of values as is here shown. For instance:

100 Cloaks that have sold for \$25, now \$10.

300 long Cloaks, reduced to \$1, \$1.50 and \$2.

Cloaks marked to sell at \$15, now \$7.50.

Fur Capes reduced to just half price.

275 Cloaks, trimmed with fur or astrachan, cut squarely in two.

A dozen cases of children's elegantly shaped Cloaks, with fur and other trimmings, intended to sell at \$15, now \$6 and \$7.

The determination to move our cloak stock is sufficient reason for so tremendous a reduction. We've not mentioned a hundredth part of the attractions in our mammoth cloak rooms. We've put the knife into them all.
